FINO

FINO

Dal nome, un radiatore estruso in alluminio estremamente sottile.

Con i suoi 37 mm di profondità si adatta perfettamente ad ogni spazio anche con necessità di resa termica elevata.

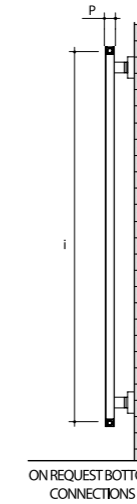

Elementi larghi 80 cm, impercettibili accostamenti.

As the name indicates, an extremely thin extruded aluminium radiator.

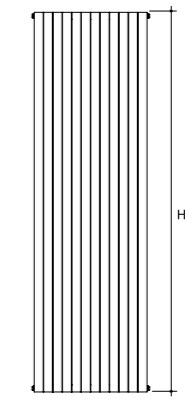

With its 37 mm depth it is perfectly suited for all spaces even with the need of powerful thermal yield.

80 cm wide per element, imperceptible combinations.
